SITUATION SUMMARY

Drive-By Shooting, Santa Barbara County (Update/Final)

A drive-by gunman, Elliot Rodgers, killed 6 people and injured 13 others during a rampage which began on 05/23/14 around 9:30 PM in the beachside community of Isla Vista near the University of California Santa Barbara campus. The rampage ended when, after a gun battle with police, the gunman crashed his vehicle into a parked car and was found dead of a gunshot wound.

- There are now 12 crime scenes that are being processed at 10 different locations.
- Santa Barbara County activated their Mental Health Department to assist those affected by the incident.
- UC Santa Barbara OEM, working with County Mental Health professionals and the Santa Barbara County Sheriff's Office opened the campus Emergency Operations Center, and a call center for parents and students. UCSB reports that counseling services are available to their students, and that emergency housing is being provided for displaced students.
- Santa Barbara County has not activated their EOC.
- Non-LE needs are being met at this time, and the Southern Region remains actively engaged with the County.
- The Cal OES Law Enforcement Branch continues to monitor Santa Barbara County Sheriff's (SBSO) Isla Vista shooting investigation and will have a Coroner's Mutual Aid Coordinator Assistant Chief on scene today as liaison while SBSO continues with their investigation.

This will be the final report on this incident unless circumstances warrant.

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- In honor of the Memorial Day holiday, the State Operations Center (SOC) will transition to Level 1 status on Monday, May 26, 2014. The OES Region conference calls normally conducted on Mondays are rescheduled to Tuesday, May 27, 2014.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure will continue to maintain dry weather with above normal temperatures through the weekend. An upper trough will bring cooling to Northern California next week.

San Francisco Weather:

High pressure building over California will promote warm inland temperatures today and Memorial Day. Temperatures will cool to near or slightly below normal Tuesday through Friday as a trough of low pressure passes over Northern California.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

High pressure building over the forecast area will bring warming temperatures through today, and then cooler temperatures are expected through the week as low pressure approaches.

Hanford Weather:

The remainder of the Memorial Day weekend will be dry and much warmer as a high pressure ridge builds in over central California. Temperatures will then trend downward through the week as a low pressure system develops along the West Coast.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A warming trend is expected through next Tuesday as high pressure builds in from the west. Closer to the coast, onshore flow and a persistent marine layer will keep the warming trend moderated. A weak trough of low pressure will bring a cooling trend to the area Wednesday through the end of the week.

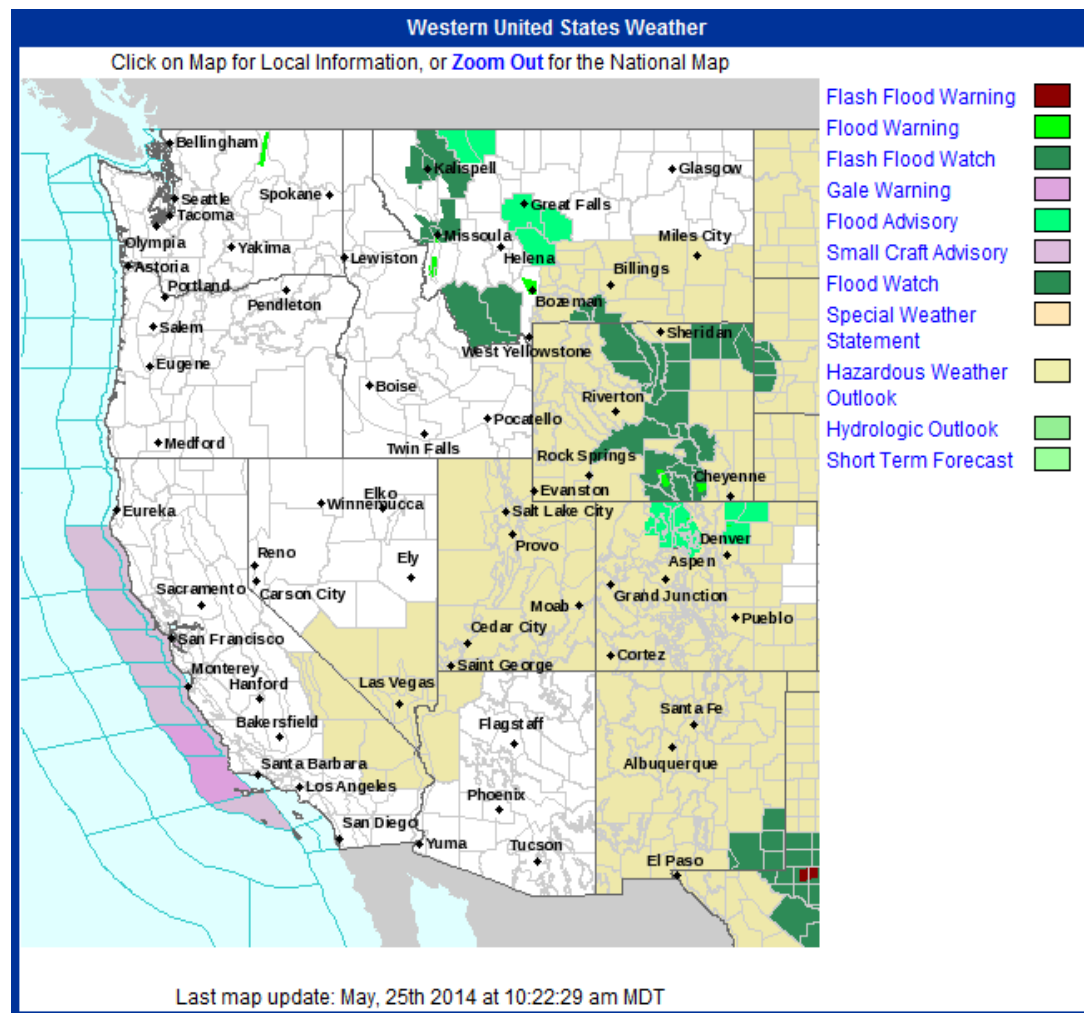

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure over the eastern Pacific will expand into California through midweek bringing inland warming and a gradually shallower marine layer. Temperatures will be a little cooler for Thursday and Friday, and then slow inland warming for next weekend. Onshore flow will keep coastal areas cool with locally gusty wet winds in the mountains deserts each late afternoon through late evening.

Southeast California Weather:

A low pressure system will continue moving slowly eastward today and isolated showers are possible again for the forecast area. Warmer and drier conditions will return to the desert southwest early this week as high pressure becomes reestablished to the south and east. Cooler conditions are possible late in the week as moisture increases across the region.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

** As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.**

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. The most recent electronic readings record snowpack water content at only 6% of normal for the date.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Closed Cal OES Missions

- **2014-LAW-3667** California Highway Patrol (CHP) in Yolo County requesting Sacramento County Sheriff's DART for a submerged vehicle in the Sacramento River near Road 108 and Knights Landing. CHP suspects the sedan has been submerged for several days and does not believe anyone is in the car but due to the river's poor visibility it can not be confirmed. California Governor's Office of Emergency Services(Cal OES) LDO coordinated with Sacramento County Sheriff's Department for a DART mission to assist in recovering the submerged car, which is planned for this Saturday, 5/24/2014 at 0800 hours. [Update 5/24/2014 at 0800 hours: On 5/23/2014 at 1715 hours, Cal OES LDO contacted CHP and learned the Honda was reported stolen. It was recovered successfully, with no one found inside. All Sacramento County Sheriff's DART resources were released and are back at home base. **Mission Closed.**](#)

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
